OPTIMIZE YOUR DAIRY SUPPLEMENT

Clarence Farm Services Ltd. recommends you follow these management practices;

1. Provide a source of clean, fresh water at all times.
2. For most forage programs provide the appropriate Purina dairy mineral free-choice.
3. Any ration changes should be made gradually.
4. Consult your veterinarian for recommended herd health program

These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. If necessary, consult your Purina Dealer or Clarence Farm Services Ltd. Farm Consultant.
