CFS REQUEST ABF

Code 3551

The ultimate and versatile high-end feed for all stages of life

CFS Request is a palatable high fat, pelleted feed designed to meet the nutrient requirements of performance, show and racehorses. It's high content in nutrients needed for gestation and growth also makes it a feed of choice for mares and yearlings. **CFS Request** is perfect for the stable owner looking for a complete feed to meet the needs of every horse in the barn.

| FEATURES | BENEFITS |
|--|---|
| Advanced formulation for the performance horse | Provides the correct balance of energy, protein, minerals and vitamins, including selenium and vitamin E Enables horse to optimize performance potential while maintaining peak physical condition, body score and tissue repair Provides complete nutrient fortification required by the performance horse No need for additional supplementation when fed based on recommended amounts |
| Nutrient dense and fortified | Can meet the needs of most mares, growing foals and convalescent horses |
| Contains added vegetable oil | Increases energy density of diet for improved athletic performance, body condition and appearance |
| Contains balanced amino acids | Provides protein building blocks for improved muscle development, maintenance and recovery |
| Contains organic Selenium | Higher bioavailability and optimal absorption |
| Convenient & versatile | Fits a wide range of horses |
| Pelleted form | Provides management flexibility to optimize feed consumption Prevents sorting for a more consistent feed intake |
| Made with highly palatable ingredients | Readily consumed, even by the most finicky of eater |
| Purina feed manufactured in a HACCP approved facility with high standards of biosecurity and quality | Consistent quality feed Showing our commitment to feed safety and customer satisfaction |
| CFS horse feeds and supplements are animal by-product free (ABF) | Peace of mind |
| High quality feed manufactured in Atlantic Canada | Minimizes transport cost Optimizes freshness |

CFS REQUEST ABF

Code 3551

Feed **CFS Request** in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long stemmed forage (hay/pasture). Feed according to the following table. The lower quantity meets minimum vitamin and mineral requirements and the higher quantity meets Superior Recommendations. Ideally, feed enough to achieve desired body condition. For every kilogram under the Superior recommendation, provide 225 grams of **CFS Elevate** (3573). Depending on hay analysis **CFS Select** (3571) may be better suited as the ideal top-dress supplement. For lactating and growing horses **CFS Select** (3571) is better suited as the top-dress.

GUARANTEED ANALYSIS

| | | |
|------------------------|--------|--------------|
| Crude Protein | Min. | 14.00% |
| Crude Fat | Min. | 6.00% |
| Crude Fibre | Max. | 10.00% |
| Sodium | Actual | 0.55% |
| Calcium | Actual | 0.85% |
| Phosphorus | Actual | 0.60% |
| Vitamin A | Min. | 12,000 IU/kg |
| Vitamin D ₃ | Min. | 1,200 IU/kg |
| Vitamin E | Min. | 245 IU/kg |
| Selenium | Added | 0.4 mg/kg |

| 19 Months and + (1) | 1.14 | 1.25 |

OPTIMIZE YOUR HORSE'S DIET

Clarence Farm Services Ltd. recommends analyzing your hay and balancing the ration accordingly.

Feed clean and dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.

Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.

Make any feed change gradually over a 7 to 10 days period.

Daily ration should be divided into 2 and preferably 3 separate feedings or more.

Use a scale to weigh your feed, so you know exactly how much your horse is being fed. Do not feed by volume.

Clarence Farm Services Ltd. recommends providing a maximum of 0.5% of body weight of this feed at one time.

These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Follow sound management practices along with optimal preventive veterinary medicine. If necessary, consult your Purina Dealer or Purina Certified Equine Consultant.
