

FOX BREEDER CHECKERS

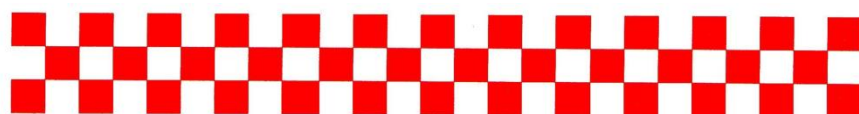

Code 5572
Fox Breeding Supplement

FOX BREEDER CHECKERS is a highly fortified Purina feed specially formulated to meet the nutritional requirements of fox breeders.

FOX BREEDER CHECKERS can be fed during winter maintenance, breeding, lactation and also for growth and fur production.

FEATURES	BENEFITS
Proper level of amino acid balanced protein	High quality balanced protein for your fox Increased growth of pups Helps growth of fur
High standard of ingredients	Ensures consistency and performance
Cooked cereal grains	Digestible source of carbohydrates to meet the energy needs of fox
Fortified with all required vitamins and minerals	Avoids nutritional deficiencies which reduce reproduction, growth and fur development
Highly palatable	Improves feed consumption
Checker format	Easily handled form of feed Reduces bacteria load in the feed Reduces wastage
Contains acidifiers	Helps reduce the incidence of bladder stone formation
Flexible	Can be fed as the sole ration or mixed with up to 20% fresh meat and fed wet
Manufactured in a HACCP approved plant with high standards of biosecurity and quality	Consistent quality Showing our commitment to feed safety and customer satisfaction
Manufactured in Atlantic Canada	Minimizes transport cost Optimizes freshness

OPTIMIZE YOUR FOX BREEDER CHECKERS

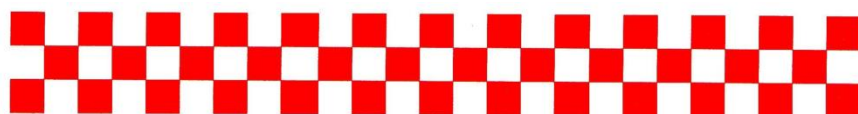

Clarence Farm Services Ltd. recommends you follow these management practices:

1. Provide a source of clean, fresh water all times if this ration is to perform.
2. Consult your veterinarian for a recommended mink health program.

If necessary, consult your local Purina Dealer or Clarence Farm Services Ltd. Farm Consultant.
