# OMOLENE

# **Sport Plus**

#35330 Platinum

Protein	13.00%
Fat	8.00%
Fibre	15.00%
Calcium	0.90%
Phosphorus	0.50%

Sodium	0.55%
Vitamin A	8450 <sup>I.U./kg</sup>
Vitamin D3	1500 <sup>I.U./kg</sup>
Vitamin E	245 I.U./kg
Selenium	0.40 ppm

#### **Directions for use**

Omolene Sport Plus is recommended for equine athletes, racehorses, breeding stallions, early gestating mares and yearlings. Feed in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long stemmed forage (hay/pasture). Feed according to the following table, whereby the lower quantity meets minimum vitamin and mineral requirements and the higher quantity meets Purina Superior Recommendations. Ideally, feed enough to achieve desired body condition, and for every kilogram under the recommendation, provide 225 grams of CFS Elevate (3573). Provide free-choice salt. Daily ration should be divided into 2 and preferably 3 separate feedings daily.

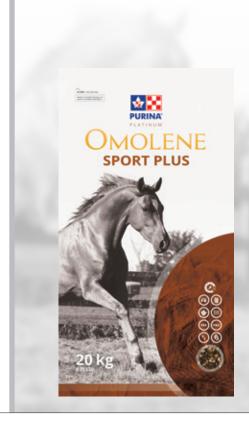

#### **Daily amount of Omolene Sport Plus**

kg / 100 kg of Body Weight

	Minimum	Purina Superior	
Maintenance	0.50	0.75	
Performance			
<b>Light Exercise</b>	0.65	1.00	
<b>Moderate Exercise</b>	0.73	1.13	
Intense Exercise	0.82	1.25	
Stallions			
Non Breeding	0.50	1.00	
Breeding	0.65	1.00	
Broodmares			
Early/Mid gestation	0.71	1.00	
Foals			
13 to 18 months	1.07	1.25	
19 months and +	0.92	1.25	

Omolene Sport Plus is a textured feed with added beet pulp for hard working equine athletes and racehorses. Omolene Sport Plus utilizes modern technological capabilities and scientific research on the nutritional requirements vital for performance to provide a palatable textured feed without cracked or steam-flaked corn.

Omolene Sport Plus is formulated with certified quality ingredients and is manufactured exclusively in our specialized and drug-free facility in Strathroy, Ontario.

### **Characteristics**

CHARACTERISTICS	ADVANTAGES
Contains 8% Fat from vegetable sources	<ul> <li>Highly digestible and energy/calorie dense. Less feed required to maintain body condition.</li> </ul>
	Clean burning fuel, does not produce lactic acid and spares glycogen levels for enhanced athletic performance.
Contains reduced starch and higher fat and fibre content	Provides a moderate level of starch.
	Helps minimize excitability.
	Proven to effectively regulate glycemic and insulin response.
	Helps minimize gut upset (colic) by preventing starch overload in the hindgut.
Contains Athlete™,	Improves hair coat and skin condition.
Purina's unique extruded high fat supplement with flaxseed (an excellent source of Omega-3) for an optimal fatty acid profile of 5:1 Omega-6 to Omega-3	Supports immune functions, anti-inflammatory properties and ulcer healing.
	Omega-3 fatty acids shown to help enhance insulin efficiency thus reducing insulin resistance.
	Promotes membrane integrity and cell viability (including red blood cells).
	Helps maintain proper cognitive ability.
Contains beet pulp, a high pectin fibre source	A highly fermentable fibre source providing needed calories for performance.
	Helps maintain a healthier hindgut pH and microbial population.
Contains Horse Plus™,	Essential blood-building nutrients.
Purina's exclusive blend of 11 vitamins, consisting	Supports immune function and overall health.
of a full complement of 8 B-vitamins (including	Essential for proper utilization of energy for optimal performance.
biotin), vitamin C, E and K	Helps protect against exercise induced stress.
	Helps enhance fertility and sperm quality.
Contains elevated and added amino acids including Methionine	Provides building blocks for improved muscle development and joint health.
Contains organic copper, zinc, manganese and also selenium	Increases absorption and enhances trace mineral bio- availability for heightened performance and immunity.
Contains Yeast Culture	Improves hindgut fermentation which increases energy, protein and phosphorus utilization.
Contains prebiotics and probiotics	Helps promote good gut bacteria and protect against harmful bacteria for improved gut health.
Contains an elevated level of Vitamin E (245	Effective antioxidants. Helps repair the oxidative stress of exercise.
IU/kg) and selenium (0.4 ppm)	Helps supports immune functions and overall health.

## OMOLENE Sport Plus

### **Ingredients**

Fibre	Beet Pulp, Dehydrated Alfalfa Meal
Protein/Amino Acids	DL-Methionine, Soya Bean Meal, L-Lysine
Starch	Extruded Corn, Ground Corn, Flaked Barley, Whole Grain Oats
Fat	Flaxseed, Soya Oil
Prebiotic	Yeast
Probiotic	Mixture of Live Bacteria
Vitamins	Choline Chloride, Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin, Pantothenic Acid, Vitamin B6, Folic Acid, Ascorbic Acid
Minerals	Salt (Sodium Chloride), Calcium Carbonate, Magnesium Oxide, Mono Dicalcium Phosphate, Calcium Iodate, Copper Sulphate, Ferrous Sulphate, Manganese Oxide, Zinc Oxide, Organic Copper, Organic Manganese, Organic Zinc, Organic Selenium, Ferric Oxide, Cobalt Carbonate
Multi- Attributes	Wheat shorts
Flavour/ Binder	Molasses, Pellet Binding Agent

 $<sup>\</sup>mbox{\ensuremath{^{\star}}}$  Ingredients are not in order of their inclusion rate.

- Amounts can vary depending on the hay. Purina recommends that you have your hay analyzed and balance your ration accordingly. Also, depending on the hay, CFS Select (3571) may be better suited as a supplement than CFS Elevate (3573).
- If your horse rapidly consumes this feed and/ or if hydration status of your horse is questionable, we recommend adding water to this feed or using other measures to ensure an appropriate rate of intake.
- 3. Do not provide more than 0.5% of Body Weight of this feed at one time.
- $4. \ \ Provide \, a \, source \, of fresh, clean \, water \, at \, all \, times.$
- Follow sound management practices along with disease and sanitation control measures. If there are any questions, contact your veterinarian, Purina dealer or Purina Certified Equine consultant. pam@cfs.ca

#### **Caution**

Directions for use must be carefully followed.

Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
