## FITTERS EDGE

Code 9668

**Dairy Show Ration**

**FITTERS EDGE** is a complete Purina dairy feed formulated to meet the nutritional requirements of any show string including heifers and cows.

FEATURES	BENEFITS
Contains flaked corn and flaked barley	Ease of digestion Supports the development of your show string
Contains pelleted beet pulp	Aids in maintaining hydration and "bulk"
Specially formulated to meet the nutritional requirements of your show string	Balanced protein and energy levels maximize frame development and lean muscle gain Optimizes reproductive efficiency Enhances forage intake and utilization when fed at the correct level
Provides extra nutrients to the bred cow	Ensures proper fetal (calf) growth and supports milk production post-calving
Highly fortified with vitamins and minerals	Helps to support development and a healthy immune system for traveling show cattle Maximizes nutrient utilization and feed efficiency
High quality multiple source protein ingredients	Improves protein balance and supply for optimal growth or lactation performance
Complete feed in highly palatable coarse texture	Convenient and easy to use Ensures consistent consumption and performance
Animal by-product free	Peace of mind
Manufactured in a HACCP approved plant with high standards of biosecurity and quality	Consistent quality feed Showing our commitment to feed safety and customer satisfaction
Purina feed manufactured in Atlantic Canada	Minimizes transport cost Optimizes freshness

# FITTERS EDGE Code 9668

Feed Purina **Fitters Edge** to your dairy show string in amounts that will balance the available forage.

## FEEDING DIRECTIONS:

1. Feed dairy heifers **FITTERS EDGE** at a rate of 2.0 to 3.5 kg. per day depending upon the desired performance or body condition.
2. Feed dairy cows **FITTERS EDGE** at a rate of 8.0 to 12.0 kg per cow per day to maintain milk production and body condition.
3. Feed with average to above average quality forage.

## OPTIMIZE YOUR DAIRY SHOW RATION

Clarence Farm Services Ltd. recommends you follow these management practices;

1. Provide a source of clean, fresh water at all times.
2. When changing forages or dairy rations, the change should be made gradually by mixing the new ration with the old ration for a period of one week.
3. Consult your veterinarian for recommended herd health program.

## GUARANTEED ANALYSIS

Crude Protein	Min. 16.00%
Crude Fat	Min. 3.00%
Crude Fibre	Max. 24.00%
Sodium	Actual 0.34%
Calcium	Actual 1.00%
