

## SUPPLEMENTS

#35830

# Horse Plus®

Horse Plus is a broad spectrum B-vitamin supplement with added vitamins C and E. Horse Plus is a necessary blood building and anti-stress supplement to counteract the detrimental effects of intense exercise and ensure continual optimum performance. Horse Plus supports concentration and focus. Helps maintain proper immune functions and contains antioxidants.

## Analysis

<b>Vitamin B1</b> (Thiamine) (min.)	1 500 mg/kg	<b>Vitamin B9</b> (Folic Acid) (min.)	500 mg/kg
<b>Vitamin B2</b> (Riboflavin) (min.)	850 mg/kg	<b>Vitamin B12</b> (min.)	3 500 mcg/kg
<b>Vitamin B3</b> (Niacine) (min.)	1 500 mg/kg	<b>Vitamin C</b> (min.)	12 500 mg/kg
<b>Vitamin B5</b> (D-Pantothenic Acid) (min.)	850 mg/kg	<b>Vitamin E</b> (min.)	11 100 I.U./kg
<b>Vitamin B6</b> (Pyridoxine) (min.)	500 mg/kg	<b>Vitamin K</b> (min.)	250 mg/kg
<b>Vitamin B7</b> (Biotin) (min.)	20 000 mcg/kg		

## Feeding rates

Administer 1 ½ scoop (45 grams per 500 kg body weight) orally, with each meal, twice daily. 30 gram scoop enclosed.

Note: Feeding vitamins other than Vitamin A, D, E, riboflavin, pyridoxine & thiamine to horses may not have a beneficial effect.

## Characteristics

Contains a full complex of B-vitamins	<ul style="list-style-type: none"> <li>Stimulates appetite.</li> </ul>
Contains Riboflavin (B2), Niacin (B3), Pyridoxine (B6) and Pantothenic Acid	<ul style="list-style-type: none"> <li>Essential for energy metabolism. Ensures the proper utilization of energy from the diet.</li> </ul>
Contains Thiamin (B1)	<ul style="list-style-type: none"> <li>In addition to its role in energy metabolism, thiamin (B1) plays a role in the nervous system, which could be beneficial in horses that "tie-up".</li> </ul>
Contains Biotin	<ul style="list-style-type: none"> <li>Essential for sound and healthy hoof growth.</li> </ul>
Contains Cyanocobalamin (B12) and Folic Acid	<ul style="list-style-type: none"> <li>Essential for red blood cell (RBC) synthesis.</li> <li>Plays a role in the prevention of anemia.</li> </ul>
Contains the anti-oxidants Vitamin C and Vitamin E	<ul style="list-style-type: none"> <li>Combats the stress of strenuous exercise by scavenging free radicals.</li> <li>Enhances immune function.</li> </ul>
Contains Vitamin K	<ul style="list-style-type: none"> <li>Essential for blood clotting.</li> <li>Could be beneficial to horses that bleed.</li> </ul>
Pelleted and palatable	<ul style="list-style-type: none"> <li>Mixes well with all feeds.</li> <li>Will not sift to bottom.</li> <li>Ensures consumption.</li> </ul>
Manufactured in a plant with high standards of biosecurity and quality	<ul style="list-style-type: none"> <li>Consistent quality feed.</li> </ul>
Manufactured in a 100% drug-free facility	<ul style="list-style-type: none"> <li>No risk of detrimental drug contamination.</li> <li>Peace of mind.</li> </ul>
Manufactured in Canada	<ul style="list-style-type: none"> <li>Minimizes transport cost.</li> <li>Optimizes freshness.</li> </ul>

Minerals	
Multi-Attributes	Wheat shorts
Flavour/Binder	Molasses, Calcium Propionate

\* Ingredients are not in order of their inclusion rate.

- Purina recommends analyzing your hay and balancing the ration accordingly.
- Feed clean and dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.
- Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.
- Make any feed change gradually over a 7 to 10 days period.
- Daily ration should be divided into 2 and pre-ferably 3 separate feedings or more.
- Use a scale to weigh your feed so you know exactly how much your horse is being fed. Do not feed by volume.
- These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Consult your Purina Equine Consultant if necessary.
- Follow sound management practices along with optimal preventive veterinary medicine.

## Caution

Directions for use must be carefully followed.

Feed is perishable. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.
