CFS HORSE CHOW CHECKERS

The perfect choice for your excitable work & leisure partner that is an easy keeper!

CFS Horse Chow Checkers is a complete feed with built-in roughage designed for active adult horses of all ages, including senior horses. **CFS Horse Chow Checkers** can replace part of the daily hay ration because of its high level of good quality digestible fibre.

CFS Horse Chow Checkers' level of starch is minimal. It can safely be fed to horses that get "hot" on grain based rations.

FEATURES	BENEFITS
25% crude fibre content from high quality roughage sources.	Can substitute up to 50% of daily hay ration to limit the feeding of poor quality hay or pasture
Guaranteed nutrient analysis	Provides a consistent level of balanced nutrients, vitamins and minerals More consistent than hay
Pelleted form	A dust-free complete feed, which is excellent for older horses or horses with respiratory conditions Prevents sorting for more consistent nutrition
Contains organic Selenium	Higher bioavailability and optimal absorption
Moderate energy level (calories)	Perfect choice for easy keepers if fed in adequate amount
Minimal amount of starch/ Low NSC	Keeps horses from becoming too "hot"
Contains probiotic yeast culture	Improves the digestibility of dietary roughage resulting in increased energy and protein utilization
Can safely be fed to senior horses	Easily digested by the "aged" horse Should be fed soaked for older horses
Manufactured in a HACCP approved facility with high standards of bio-security and quality	Consistent quality feed Showing our commitment to feed safety and customer satisfaction
CFS horse feeds and supplements are animal by-product free (ABF)	Peace of mind
Available at a competitive price	Excellent value
Quality horse feed manufactured in Atlantic Canada	Minimizes transportation costs Optimizes freshness

CFS HORSE CHOW CHECKERS

Code 3501

Feed **CFS Horse Chow Checkers** in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long stemmed forage (hay/pasture). Feed according to the following table. The lower quantity meets minimum vitamin and mineral requirements and the higher quantity meets Superior recommendations. Ideally, feed enough to achieve desired body condition. For every kilogram under the Superior recommendation, provide 200 grams of **CFS Elevate** (3573). Depending on hay analysis, and/or age of horses, **CFS Select** (3571) may be better suited as the ideal top-dress supplement.

Activity Level	Kg / 100 Kg of Body Weight / Day	
	Minimum	Superior
Maintenance	0.67	1.00
Light Exercise	1.07	1.33
Moderate Exercise	1.20	1.50

GUARANTEED ANALYSIS

Crude Protein	Min.	12.50%
Crude Fat	Min.	1.50%
Crude Fibre	Max.	25.00%
Sodium	Actual	0.40%
Calcium	Actual	0.80%
Phosphorus	Actual	0.45%
Vitamin A	Min.	6,500 IU/kg
Vitamin D ₃	Min.	1,200 IU/kg
Vitamin E	Min.	220 IU/kg
Selenium	Added	0.30 mg/kg

Nutrients	Ingredients * Not in order of Inclusion Rate
Fibre	Soya Hulls, Dehydrated Alfalfa Meal
Protein/Amino Acids	DL-Methionine
Starch	
Fat	
Probiotic	Diamond V Yeast XPC
Vitamins	Choline Chloride, Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin
Minerals	Salt (Sodium Chloride), Calcium Carbonate, Dicalcium Phosphate, Calcium Iodate, Cobalt Carbonate, Copper Sulphate, Ferrous Sulphate, Manganese Oxide, Zinc Oxide, Organic Selenium, Selenium
Multi-Attributes	Wheat Shorts
Flavour/Binder	Molasses

OPTIMIZE YOUR HORSE'S DIET

Clarence Farm Services Ltd. recommends analyzing your hay and balancing the ration accordingly.

Feed clean, dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.

Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.

Make any feed change gradually over a 7 to 10 days period.

Daily ration should be divided into 2 and preferably 3 separate feedings or more.

Use a scale to weigh your feed, so you know exactly how much your horse is being fed. Do not feed by volume.

Clarence Farm Services Ltd. recommends providing a maximum of 0.5% of body weight of this feed at one time.

These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Follow sound management practices along with optimal preventive veterinary medicine. If necessary, consult your CFS Dealer or Purina Certified Equine Specialist 902-890-5354
