CFS Hosre Chow Checkers

Complete Feed

CFS Horse Chow Checkers is a complete pelleted feed with built-in roughage designed for adult horses of all ages, including senior horses. **CFS Horse Chow Checkers** can replace part of the daily hay ration because of its high level of good quality digestible fibre.

CFS Horse Chow Checkers' level of starch is minimal. It can safely be fed to horses that get "hot" on grain-based rations.

High Fibre

Calorie Meter
(1-5)

Made in Atlantic Canada

Guaranteed Analysis

Crude Protein	Min. 12.50%
Crude Fat	Min. 2.00%
Crude Fibre	Min. 20.00%
Crude Fibre	Max 25.00%
Sodium	Min. 0.45%
Calcium	Min. 0.80%
Phosphours	Min. 0.45%
Vitamin A	Min. 6,500 IU/kg
Vitamin D3	Min. 1,200 IU/kg
Vitamin E	Min. 220 IU/kg
Selenium	Min. 0.30 mg/kg

- For horses over 6 months old
- Maintenance - moderate work
- Great for senior horses
- Balance with CFS Elevate or CFS Select

- Manufactured with the highest standards of bio-security and quality
- CFS horse feeds and supplements are animal by-product free (ABF)
- Quality horse feed manufactured in Atlantic Canada

CFS Horse Chow Checkers

3501

Feed **CFS Horse Chow Checkers** in conjunction with water and a minimum of 1% body weight (on a dry matter basis) of a long-stemmed forage (hay/pasture). Feed according to the following table. The lower quantity meets minimum vitamin and mineral requirements, and the higher quantity meets Superior recommendations. Ideally, feed enough to achieve desired body condition. For every kilogram under the Superior recommendation, provide 200 grams of **CFS Elevate** (3573).Depending on hay analysis, and/orage of horses, **CFS Select** (3571) may be better suited as the ideal top-dress supplement.

Activity Level	Minimum kg/100/ of body weight /day	Superior kg/100/ of body weight /day
Maintenance	0.67kg	1.00kg
Light Exercise	1.07kg	1.33kg
Moderate Exercise	1.20kg	1.5kg

KEY FEATURES

25% crude fibre content from high quality roughage sources

Can substitute up to 50% of daily hay ration to limit the feeding of poor-quality hay or pasture

Minimal starch

Keeps horses from becoming too “hot”
Good for horses requiring lower NSC deit

Contains probiotic yeast culture

Improves the digestibility of dietary roughage resulting in increased energy and protein utilization

Can safely be fed to senior horses

Easily digested by the “aged” horse
Should be fed soaked for older horses

Nutrients	Ingredients Representative ingredients only; not a complete list or in order of inclusion.
Fibre	Soya Hulls, Dehydrated Alfalfa Meal
Protein / Amino Acids	DL-Methionine
Starch	
Fat	
Probiotic	Diamond V Yeast XPC
Vitamins	Choline Chloride, Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin
Minerals	Salt (Sodium Chloride), Calcium Carbonate, Dicalcium Phosphate, Calcium Iodate, Cobalt Carbonate, Copper Sulphate, Ferrous Sulphate, Manganese Oxide, Zinc Oxide, Organic Selenium, Selenium
Multi-Attributes	Wheat Shorts
Flavor / Binder	Molasses

OPTIMIZE YOUR HORSE’S DIET

Clarence Farm Services Ltd. recommends analyzing your hay and balancing the ration accordingly.

Feed clean, dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.

Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.

Make any feed change gradually over a 7 to 10 days period.

Daily ration should be divided into 2 and preferably 3 separate feedings or more.

Use a scale to weigh your feed, so you know exactly how much your horse is being fed. Do not feed by volume.

Clarence Farm Services Ltd. recommends providing a maximum of 0.5% of body weight of this feed at one time.

These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Follow sound management practices along with optimal preventive veterinary medicine. If necessary, consult your Purina Dealer or CFS Equine Consultant 902-890-5354 or equine@cfs.ca
