CFS Honesty

Complete Feed

CFS Honesty is a highly fortified feed designed for horses in many stage of life. **CFS Honesty** is ideal for horses prone to tying-up or getting "hot" on grain. Calories are sourced predominately from fat and fibre, offering a reduced starch content. **CFS Honesty** provides a cool source of energy for pleasure, performance, breeding, show horses and yearlings.

Feed **CFS HONESTY** in conjunction with at least 1% of body weight (on a dry matter basis) of a long-stemmed forage (hay/pasture). Feed **CFS HONESTY** according to the following table, whereby the lower quantity meets minimum vitamin and mineral requirements, and the higher quantity meets Superior recommendations. For every kilogram under the Superior recommendations provide 225 grams of **CFS Elevate** (3573). For growing horses or low hay analysis **CFS Select** (3571) may be better suited as the ideal top-dress supplement.

Activity Level	Minimum kg/100/ of body weight /day	Superior kg/100/ of body weight /day

Nutrients	Ingredients Representative ingredients only; not a complete list or in order of inclusion.
Fibre	Soyabean Hulls Ground
Protein / Amino Acids	Lysine, Canola Meal, DL Methionine
Starch	Ground Wheat, Ground Barley
Fat	Soy Oil
Vitamins	Choline Chloride, Vitamin A, Vitamin D3, Vitamin E, Vitamin K, Riboflavin, Niacin, Thiamine, Vitamin B12, Biotin
Minerals	Salt (Sodium Chloride), Calcium Carbonate, Dicalcium Phosphate, Calcium, Cobalt Carbonate, Copper Sulphate, Ferrous Sulphate, Manganese Oxide, Zinc Oxide, Organic Selenium, Selenium
Multi-Attributes	Wheat Shorts
Flavor / Binder	Molasses, Pellet Binder

KEY FEATURES

High Fat & Fibre

Reduces the amount of starch in the diet and helps prevent excitability issues while maintaining a moderate calorie content

Versatile

Meets the needs of the maintenance, pleasure and active horse

CLARENCE FARM SERVICES LIMITED

OPTIMIZE YOUR HORSE'S DIET

Clarence Farm Services Ltd. recommends analyzing your hay and balancing the ration accordingly.

Feed clean, dust free hay in sufficient amount daily. Feeding poor quality hay or feeding inadequate amounts could cause colic and other digestive upsets.

Offer source of salt (NaCl) daily as well as plenty of fresh and clean water at all times.

Make any feed change gradually over a 7 to 10 days period.

Daily ration should be divided into 2 and preferably 3 separate feedings or more.

Use a scale to weigh your feed, so you know exactly how much your horse is being fed. Do not feed by volume.

Clarence Farm Services Ltd. recommends providing a maximum of 0.5% of body weight of this feed at one time.

These recommendations are intended as a guide. They should be adjusted to variables of management, environment and individual needs. Follow sound management practices along with optimal preventive veterinary medicine. If necessary, consult your Purina Dealer or CFS Equine Consultant 902-890-5354 or equine@cfs.ca
